HE HAD SOMETHING IN HIS MIND THAT HE WAS  
GOING TO DO

Potash, calcium, petroleum, and cosmic light was here at the creation. As the volcanic, the chronologists tell us, that bursted and formed the materials of the earth and so forth, was, it just a burning brimstones as it was Satan's possession as he walked up and down the fiery brimstone of the earth. And then when God cooled it off and set it over there in His great mind, He had something in His mind that He was going to do.

HOW HE DID IT, AND WHEN HE DID IT,  
THAT'S UP TO HIM

Someone was speaking the other day to me, and said, "Genesis is wrong, and the six days of creation, that He said."

I said, “Genesis 1 to (Genesis) 2 is absolutely a different thing.” The 1st chapter of Genesis says, “In the beginning God created the heavens and earth,” period. How He did it, and when He did it, that’s up to Him. Yes. Then, “The world was without form, and void,” then we start off from there, for the creation. But, “In the beginning,” how far, we don’t know. All those seeds that He had in there when the waters went off, life come back on the earth again, replenished the earth. And when God’s Word is sowed, there is nothing can keep It from happening.

## LET’S GO BACK A HUNDRED MILLION YEARS BEFORE THERE EVER WAS A STAR

Oh, I got a beautiful picture in my mind now, if you can take a little trip with me. I believe I’ve talked on it before, but to get this to the place where you’ll be sure to see it. Now, let’s take a little trip and go back for a little while. Now, don’t think about how hot it is, let’s get our minds right on what we’re going to talk about and think now.

Let’s go back a hundred million years before there ever was a star, moon, or anything in the world. Now, there was a time when there wasn’t nothing here, it was just all forever and Eternity. And all of ever and Eternity was God, He was there in the beginning.

Now, let’s go out here on the edge of this banister and look over and see these things happen.

Now, “No man has seen the Father at anytime.” No man can see God in the bodily form, because God is not in body form, God is a Spirit. See? All right. “No man has seen the Father, but the only begotten of the Father hath declared Him,” 1st...John, see.

Now, but notice now, there’s nothing, there’s just space. There’s no light, there’s no dark, there’s no nothing, it’s just seems nothing. But in there is a great supernatural Being, Jehovah God, Who covered all space of all places at all times. He was from everlasting from everlasting, He is the beginning of creation. That’s God. Can’t see nothing, can’t hear nothing, not a move of an atom in the air, not nothing, not no air, no nothing, but yet God was there. That was God. (Now let’s watch for a few minutes, and after a while...) No man has seen That, now, That’s the Father. That’s God, the Father.

Now notice. Then after while I begin to see a little sacred Light begin to form, like a little halo or something, you could only see it by spiritual eyes.

But look now, while we’re looking, the whole church now. We’re standing on a great big banister, watching what God’s doing. And we’ll get right down to this question here and you’ll see how He brings it in.

Now, no one has seen God. And now, the next thing we begin to see, by eyes of supernatural looking, we see a little white Light forming out there. What is that? That was called, by Bible readers, “Logos,” or “the anointed,” or “the anointing,” or the...as I was going to say, the part of God begin to develop into something so human beings could have some

type of an idea what It was. Was a little, low...a little Light, moving. He...That was the Word of God.

Now, God gave Himself birth to this Son which was before there was even an atom in the...or air to make an atom. That was...See, Jesus said, "Glorify Me, Father, with the glory that We had before the foundation of the world." See, way back in yonder.

Now, in Saint John 1, He said, "In the beginning was the Word." And the first..."And the Word was God. And the Word was made flesh and dwelt among us." God unfolding Himself, down to a human being. Now watch how He did it.

Now, back there, then, when this little halo comes. Now, we can't see nothing yet, but just by eyes of just supernatural we see a halo standing there. Now, that's the Son of God, the Logos. Now, I can see Him playing around like a little child, before the Father's door, with all Eternity. See?

And, now, then in His imaginary makeup He begin to think of what things would be, and I can hear Him say, "Let there be light." And when He did, an atom bursted and the sun came into existence. She whirled for hundreds of millions of years, forming clinkers, and burning, and forming like it is today; still burning, still breaking atoms. If the atomic bomb would ever get let loose, the atomic chain would take...this earth would be like the sun, yonder, just bursting and blowing. If you could stand over on another continent and look off at this, it would look like another sun, where the atoms was burning this earth, if the chain would ever get let loose and it just start turning, whirling like that. Millions

and millions of miles reach these big flames of billions of Fahrenheit, of heat that goes off that sun.

Now, watch this now. Beautiful! Now, He's made the sun. And then, the first thing you know, a big clinker fell off of it, weighed about...just about like this earth, went "Spew!" Then this Logos here now, the Son of God, is watching it, He lets it fall for a hundred million years and He stops it. Then another one flies off, and He let's it (flew off) fall for millions of years, then He stops it. Now, we're standing, watching it come into existence.

Now, He's got something in His mind, and what's He doing? He's writing His first Bible. The first Bible that man ever looked to was the stars, the zodiac. And it's a perfect...just...It dovetailed with this Bible here. It starts off, the first of the zodiac is the virgin. Is that right? The last of the zodiac is what? Leo, the lion. That's the first Coming of Jesus, He came through a virgin; the second, He comes as the Lion of the tribe of Judah. See? Drawed it all out, the cancer age, and everything down through. Now, He put that all in the sky and placed it out. All these meteors, pieces of earth, or sun, hanging off here.

Now, when science goes to looking for those missiles that fall, that don't disprove God, that just proves it to me. See, that just makes it more real. Now, now notice, all these missiles hanging out there away from that hot sun, and going out through the air, course, they've collected. And first thing you know, it began just a iceberg.

Now, that was this earth come into existence, just a big old piece of cinder flew off out yonder. Down beneath it now is

nothing but a turning, burning volcano, completely, the eruptions come everywhere, volcanic. And science claims that this world, the crust on top of it, where we live, is just about like the peeling on an apple. And all the...Now, there's twenty-five thousand miles around, it's probably eight thousand miles (that'd be approximately eight thousand miles) thick. And just think, of in there, it's a burning volcanic.

And two-thirds of the earth, better than two-thirds of it, is in water; and one-third of it is in land, about one-third. And this little, this crust that we're living on, it's full of dangerous explosives, gas, gasoline, oil, everything. Is that right? And the two-thirds of it, better than two-thirds of it, water. What is the formula of water? Two parts of hydrogen and one part of oxygen, explosives.

There's enough electricity in every room to separate the heat from the cold, and it'll make enough electricity to burst a room. You can put enough atoms in a golf ball to blow New York off the face of the earth. And then man, sitting on a pot of hell, hits hisself in the chest and defies God's Word, and says, "There's no such a place as hell." (I got that down here in a little bit, and we're going to get to that, see.) You're sitting on a big pot of it every day. And while you're here you're sitting right on it, and hell's just beneath you.

And now, notice, but now when this was first found, when Jesus...Now watch the little halo yonder. Now I can see It move out to this earth and get over the top of it and begin to move it over here close to the sun. It's nothing but a big ball of ice. And when it begins to get melting, then great big

glaciers begin to cut through up in the northlands and come down. And when it did, it cut out Kansas and Texas and all them places there, and went on into the Gulf of Mexico. And the first thing you know, the whole thing was covered with water.

Then, now we get in Genesis 1, we get to the Bible now, and out of our picture at the Bible. Genesis 1, "The world was without form, and void; and water was upon the face of the deep." Is that right? "And the Spirit of God moved upon the water." Now, He separated the water, brought up the hills and the lands and so forth; dried it off. Vegetation and everything, He made it. And He made the moon. And set its boundaries, of the sea, so it could not pass.

He got all those things together, made...?...Made all the other things, all the animal life, the birds, the bees, the monkeys, and whatever it was, put all of it here on earth. And then He asked this question now. "Let Us" (Who? Father and Son) "make man in Our Own image."

Now, if a man was made something like that little sacred Light yonder, or something like that, It could not be seen (which is a spiritual Being). He manifested or unfolded Himself a little more, to make a trinity of Himself by Father, Son, and Holy Spirit. And here was God, unfolded Himself now, down into "let Us make man," which was His son, an offspring from Him, "man in Our Own image," he was a supernatural being. "And let him have dominion over the cattles of the field, and so forth."

Now, the man led the man...led the cattle and everything, just like the Holy Spirit leads a real, true believer today. The

Voice of God out there...The voice of man, rather, could speak and say...call the cattle this way, call the sheep over in this pasture, call the fishes to this water. See, he had dominion, everything obeyed him.

Now, but then there was no man to till the soil, Genesis 2, no man to till the soil. "And then God formed man" (Genesis 2:7) "out of the dust of the earth." Now He followed...He formed man out of the dust of the earth, and put this supernatural Spirit...

Now, he was laying there. I can have many pictures of it. I can see Adam standing...Let's take this way, see him standing like a tree. God had made him. He was dead as he could be; his toes, like the roots, sticking in the ground. And God said, "Let there be," or breathed the breath of life into him, and he jumped, came to himself. He was a...Breathed the breath of life into him, he became a living soul. Now, and he begin to move on, move on.

And then God taken from his side a piece of him, a rib, and made a woman. Now, where did He get the spirit, woman? See? When He...Genesis 1:26, He said, "Let us make man in Our Own image, after Our Own likeness, created He them (man) male and female." He made the burly spirit for the man; He made the tender, little, delicate, feminine spirit for the woman.

## HE MADE MAN IN HIS OWN IMAGE

Now, the world's without form and void, and water was upon the deep. We're in Genesis 1 now. See? Then He made all the plant life. Then after while, He made man in His own image. And if He made man in His own image, He had to make Him something on a order of that supernatural Being. That's right. Then there was no man to till the soil, Genesis 2. Then He made man out of the dust of the earth, not in His image, but out of the dust of the earth. He might give him a hand like a monkey and a foot like a bear. I don't know what He give him. But he put him in five senses to contact his earthly home.

And then He made a wife for him. And man fell. I have my idea of what it was. You can have yours. But he fell, anyhow, from grace. And instead of Adam running up-and-down the garden hollering, "God, God, our Father, Father, where are you?" Adam was hiding and God was hollering, "Adam, Adam, where art thou?" That's still the same nature of man—hide, get away from God. And he tried to make hisself a covering out of fig leaves.

## HE LAID IT ALL OUT IN HIS GREAT BLUEPRINT AND HIS PROGRAM

Now, this morning we went back and dramatized, in the Bible, that when God was making the earth, that when He was forming the gases; and then them gases become calcium, and potash, and different things. He was making your body.

He was laying the building out, like a great master builder, like a contractor laying out his material to build a housing project. He was making your body, and He had it laying there. He knew just exactly, in His mind, what was going to be done.

This hand, God made that hand before He...while He was making the world; but, my spirit He made before there was a world. Now, but this hand and this body, He made when He made the world, 'cause this body came out of the earth, and going back to the earth. God made that. He laid it all out in His great blueprint and His program.

Now, when He went to making the earth, He made the man, and the man didn't look just right. Now we had that, this morning, went through the drama, how that the Father came down and looked at His son, made in His image, and so forth. Then He made him a wife, a helpmate.

Now, remember, that, all of the creatures of the earth, Adam had named them. He had made the cattle, and the beasts, and everything. And today, we...Chronologists and different great minds of science, has been trying, for six thousand years, to find out that missing link, why that animal...Man is animal life. We know that, that we're made... And a woman is just a part of a man, a by-product. A woman was not in the original creation. God had done quit creating, for years and years and years, until He made the woman out of a rib out of his side. Adam had done named all the creation, everything else, but he wasn't nothing for himself. So, He made him a helpmate; took a rib from his side, closed up the gash, and

made a helpmate to him. And man, in his spirit, was both man and woman.

## A THOUSAND YEARS UPON THE EARTH, IS ONE DAY WITH GOD

Now God said, "Let there be light." And six thousand years it took this Eden to come into existence, and we are taught in the Scripture, "For one day upon the earth is... or is as a thousand years, with God; a thousand years upon the earth, is one day with God." So it took six thousand years to make this earth, and to bring it into an Eden. But, you see, it was God, the great Master of all intelligence, and He had in His mind what He wanted to do.

Just like when the man that built this trailer, when the man that...When you brethren here that designed this park, how you would make it, it was in your mind, you kept working that vision out.

That's the way God did about the world. He worked; it was in His mind. And, if you notice, it come like by evolution, like He was learning more all the time, making something greater and greater. But, see, He was above it all, and just let it evolute up to that, you see. Everything He begin to bring upon the earth, from botany life, and fish, and so forth; it come on into birds, and the animals; and then something in His Own image, a man; and stopped there, see, because it was up to His perfection, of what He wanted.

That's the way you start, like this trailer. You might lay the frame down, and you say, "What are you doing?" Like you, when you all moved the first rocks away from this corner here. "What are you doing?" See, it didn't look like it would be like it is now. It looks like a little Eden, because it was in your mind what to do, and you just kept working up.

Now we want to be transformed, ourselves, by the renewing of our mind. See, not what we have on this earth, what we are going to look for on this earth; but what we are coming to, in the world that is to come. Transformed by renewing of our mind!

Now, six thousand years, God taken to make this, and we see in Genesis 1. Yet, now we see that, in this, God had an objective that He wanted to bring to pass.

And so many people, in teaching on Genesis, back here in the 1st chapter and the 2nd chapter, and 3rd chapter, especially, "It looks like that God repeats Himself. Or He said, He went ahead and said all these things that He did. Oh, how He... 'Let there be light, and let there be this, and let there come forth,' and there wasn't even one thing yet." Wasn't nothing. There wasn't a light. That old world was still floating out there in that darkness, covered over with water. But, see, He had spoke His Word, and then that's when He was speaking.

Now we notice here in Genesis 1, He said, "And He formed man in His Own image, in His Own likeness, in the image of God made He (He made) him, male and female." See, He was making man, He just spoke the Word. Then we find out, after His many days had passed, maybe hundreds and hundreds of

years, there was still no man to till the soil. Nobody to till the soil, so then God formed man out of the dust of the earth. See, He had spoke the Word, and then the Word had to take place.

Now, when He said, "Let there be light," maybe there might have been hundreds of years, maybe eight hundred years, before there ever was a light, but it come to pass because God said so.

### SUNSHINE WILL KILL ANY GERM OF LIFE

And this morning, while I been listening, a few days ago, to a broadcast that seemed to want to tell that creation just come from some ashes blowing together, and some phosphate, and a few chemicals of the earth, and the warm sunshine created the germ of life and brought out life. How ridiculous! When, the sunshine will kill any germ of life. Lay a germ out in the sunshine, it'll kill it immediately. And there is no such thing; but Satan trying to punch that at me.

### JEHOVAH GOD JUST BLEW THEM OFF HIS FINGERS IN CREATION

Here some time ago on Mount...Up in California I was looking at that great observatory, where one of the astronomers had been converted in my meeting, and they took me up there. And they got a glass that you can see a

hundred and twenty million years of light-space. Light travels, I think, about eight thousand miles per second. Break that down into miles and how many miles would you have of a hundred and twenty million years? How many miles would you have in a minute? how many in a hour? in a day? in a year? in a hundred years? and in a million years? and a hundred and twenty million years? And all beyond that is filled with solar system.

Our great Jehovah God just blew them off His fingers in creation. And He covers the—all the space. And sometimes we walk around and act like we can run His business. He's so big that He fills all the space, and yet, will become so small that He will come to a poor, lost sinner's heart. That's what makes Him great.

## HE MIGHT HAVE BEEN A HUNDRED TRILLION YEARS MAKING IT

Someone was discussing it with me some time ago, on one of my meetings. I was speaking on the evolution of man, and said he was only six thousand years old.

And this man said, “Well, Brother Branham, we can prove that the world is millions of years old. So the thing that you're talking about, you're all wrong.”

I said, “Don't you believe the Bible?”

He said, “I believe that man wrote the Bible.”

And I said, “Truly the hand of man formed the letters, but the Holy Spirit was behind the hand. See, formed the letter, 'cause the Bible said so.”

And he said, “Well, there, you’ve got to admit that they’re wrong on the world.”

I said, “The Bible’s never wrong, never wrong.”

He said, “Well, if the world,” said, “was, you can see the mountains how they was pushed up from volcanic.”

I said, “But you just...”

He said, “And God made that world in six days.”

I said, “Now, the Bible didn’t say that. You just thought it said it.”

I said, “Let’s just go back now to settle your argument. The 1st chapter of Genesis, said, ‘In the beginning God created the heavens and earth.’ Period! How long He was doing it, I don’t know. He didn’t tell us. But, ‘In the beginning God created the heavens and earth.’ Period! Then, ‘And the world was...-out form.’”

That’s when God started to use it. See? So they just beat their brains out for nothing. See? See?

God made the world. He might have been a hundred trillion years making it; I don’t know how long He was, but He made it. And He didn’t say how long He was, and it’s none of our business how long it was. He just said, “In the beginning God created the heavens and earth.” Period! That settles it.

That's all of it. How long He was doing it, that's not...But then the creation begin to spring up now in the other time, when He begin.

And I believe, that in there, that everything on earth reflects Heaven. I believe that, because that you see everything struggling for life is because that there is a life that it's reflected from. And I believe that when God made the man, He started reflecting the smaller things such as the animal life, and then the next thing He created was something different. That's just exactly the way the Bible says He did it. He made first the trees and the botany life, and He made man. And then the last thing that ever come from the earth in the form of creation was a man, nothing higher ever come. Because why? It was a perfect reflection of the highest in Heaven, which, God is a Man. See? God is a Man, so therefore it proves it. And when God came down to dwell among us, He was a Man. See? A Man, so it shows that the perfection of evolution was God, which is a Man.

## WE WERE MADE IN THE IMAGE OF GOD

Now, let's take a little trip just for a minute. Did you know? when God, in the beginning, when this old earth stood up out of the waters, it was bleak, and bare, and a desert. There was not one speck of life anywhere on it. Science tells us it come off the sun. Whatever it come from, or wherever it come from, there wasn't one speck of life. But now, listen. If your body is made out of the dust of the earth (Get it.), your body laid on this earth in the beginning. Is that right? All the calcium,

potash, petroleum, laid on this earth at the beginning when the earth stood up out of the water. Now, watch what taken place and keep this in your mind. The Logos went out of God, the great Holy Spirit. And let's visualize it.

I can see Him with His two big wings as He looks over the earth, and He begins to brooding over the earth. You know what brood is? That's a hen with her chicken, her brood. As she...As the Holy Spirit begins to brood through the earth, I can see some petroleum and stuff coming together, and a little Easter lily stuck his head up for the first thing on earth then. "Oh," God said, "that's beautiful; just keep brooding." After while, grass and plants begin to come up on the earth. The Holy Spirit kept brooding. Then what happened? Along come birds flying out of the dust. The Holy Spirit kept brooding. And after while, a man come up out of the earth, and God stopped His creation. And He looked at them, said, "This is wonderful." But Adam looked lonesome. So he goes over and takes the little rib out of his side and makes him a beautiful little bride. Now, I can see them, as in this day, little Eve holding to Adam's arm as they walked down through the garden, the paradises, no death, no sorrow. She'll never need any makeup. No, sir. She's beautiful forever.

There she was, holding to Adam's arm, and after while, the wind blows. And she said, "Oh, Adam, that wind..." He said, "Peace. And it obeyed him. He was a son of God. After while there come a great roar. Little Eve couldn't get scared now. No scare about it, it's perfect before God. A great roar come up. She'd never heard it before. But you know, Adam had named him; he was a lion, Leo the lion. And he said, "Come

here, Leo.” And the lion come over, and another growl come. It was Sheeta the tiger. And he played with them, and they...like kittens around Adam and Eve, till it got late in the evening. And Eve said, “Oh, Adam, the sun is going down.”

And he said, “We must go to worship.” Isn’t there something about the evening time, you want to get alone? And when it was time to go to worship, he took her by the arm, like the modern son of God does today to his wife, and they went up to the cathedral. Oh, it didn’t have a great spire on the top of it and plush seats. It was, perhaps, a bunch of trees standing.

And as they knelt down and begin to pray, the sun was going down, and the Holy Spirit that had brood them from the dust hung that sacred Light into the bushes and as it begin to make love to them, I can hear Him say. “Children, have you enjoyed your stay today on the earth that the Lord thy God has put thee?”

“Oh, yes, Father. We have enjoyed this. Oh, we love it.” What taken place?

He said, “Children, the sun is going down. I come down to kiss you good night.”

You know what it is? I just love to take my wife by the hand, and go into the bed to my little Joseph, and pick his little hands up and say, “Mother, look at it. It just looks something like your hand.”

She’d say, “Dad, you know I’d believe his eyes is set just like yours.”

See, we were made in the image of God. And that strain still makes us love it. And how I kiss little Joseph good night, slip over to little Sarah, and kiss her good night, over to little Rebekah, and kiss her good night, there's something in my heart that just, oh, just love.

And when God kissed His first little family good night, and, "Now, I lay thee down to sleep..." He laid down Leo the lion. He laid down Sheelah the tiger. Nothing could harm them. Father was watching over them. No harm or danger could come. Do you know we're on our road back? Now, they were the children of God because the Holy Spirit had brood them from the earth. Now, notice, be real reverent just a moment. Notice close. After that sin came in.

And then it was thrown down from Heaven, cast out of Heaven, to the earth, and fell on human beings. Then the battle, from angels, become human battles. And Satan come to destroy God's creation, what God had created to be for Hisself. He had, Satan, come to destroy this. That's what his purpose was, was to destroy it. Then the battle begin here on earth, and begin in us, and has been raging ever since.

## PROVED THAT GOD WAS RIGHT

Now, a few years ago, it was firmly not believed by any people, that there was any other light besides the sunlight. Critics and scientific world once laughed and said, “Didn’t God make an awful mistake when He wrote the Bible?” Said, “He said He made the—created the firmament before He made the sun.” Said, “The very idea. There’s no such a thing as any light outside of sunlight, that He made the firmament before He made the sun.” And how the apostle said your whole body’s full of light.

Well, science looked down with the spirit of meekness and consideration, and dug into it, and proved that God was right. Now, there’s plenty of light beside the sunlight. For instance, the x-ray. That’s not no—has no sun to do with it. But your whole body, each little cell, little atom is a light. You’re made up full of light. They find out that the Bible’s right, that you’re made full of light, because scientists, not looking at it from a natural standpoint, you can’t understand it. Spiritual things are spiritually discerned. So but they prove that the Bible was right.

## THE MISSING LINK BETWEEN MEN AND ANIMAL

The serpent, as it was a reptile, a snake, it represented sin already judged. For Satan had sinned in the serpent in the garden of Eden. Which was not a reptile, he was the missing link between men and animal. And he stood there as a— or walked upright, and was the most subtle of all the beasts (not reptiles) of the beasts of the field. And when he was cursed, his legs went off of him, and on his belly he went. And that showed that he was already judged, when he became a reptile.

## MEN TODAY ARE TRYING TO FIND THE MISSING LINK

There had already been a conception, for Eve had already lived unrighteous and had committed the sin. Where did that come from? That's in Genesis. Men today are trying to find the missing link between animal and man. This is revelation. The Bible said, that, "The serpent beguiled the woman."

Today, man can bring up animal life, and the closest animal they have to the human being is the chimpanzee. They can

make him smoke a pipe, ride a bicycle, put on a hat, tip it. That's just like "gee" and "haw" to a horse. It's sound. He hasn't no soul. He can't think. He can only go by sound. He doesn't have a soul. Then they got a missing link, right in between here, that they never have been able to find. And for six thousand years they've tried to get one mutter out of a chimpanzee, and can't do it. They never will. But, we know that we're animal life. We're plant life, out of the earth.

### THE SERPENT, BEFORE HE HAD HIS LEGS TAKEN FROM HIM

Now, in the beginning, when God spoke, and Satan was standing there and he heard it. And the people are trying to find this missing link. I'll tell you, by revelation, if you want to receive it. That missing person, between animal and man, is the serpent, before he had his legs taken from him. The Bible said, "He was the most subtle of all the beasts," not reptile, "of all the field." He was the one who beguiled the woman, in his beauty, and she conceived. And now, by doing that, and seeing sin was coming, God put such a curse upon him till science will never find any relationship between this serpent, as known today, and mankind. But there is your fallen, degraded being, between, that hooked them animal life together. There you are.

"God has hid it from the wise and prudent, but will reveal it to babes such as will learn." See? There is your fallen person, the serpent. He was brought from way...the most subtle, the greatest, the most beautiful, the more-like human being. And then because of this evil that he did with Eve, He brought

him down to a reptile, “To go on his belly, all the days of his life, and dust should be his meat.” There is where science can come to there, and their tree is knocked down.

Notice, now, as soon as the woman seen that she...the...Now, she was deceived. She didn't bring sin. She was deceived. She thought it was right. But, “Adam was not deceived,” said the Bible. He knowed it was wrong, and she had him to do the same thing that the beast had done.

And she brought forth her first son, which, all the traits of the devil was in that boy. He was a murderer. He was jealous. How could it come from that pure stream of God? It had to come from the evil. And as soon as he did this, then he, the devil, used his tool.

She brought forth her second son, which was after Adam, and in there was Abel. And, right quick, the devil tried to destroy that righteous seed. And he turned around and slew Abel, to begin with; which is a type of Judas and Jesus. Slew him at the altar; where, Jesus, Judas slew—slew Jesus, betrayed Him for thirty pieces of silver and sold Him.

## BETWEEN THE CHIMPANZEE AND THE MAN

Now watch the serpent, this serpent which was first. Let's draw a picture of him now. He's a great big fellow. He's between the chimpanzee and the man. And, the serpent; the devil, Lucifer, knew that that was the only blood that would mix with this human blood, the only person he could deal with. He couldn't deal with the chimpanzee, that blood

wouldn't mix. He couldn't deal with different things. He couldn't deal with the sheep. He couldn't deal with a horse. He couldn't deal with any animal; he had to deal with this serpent.

Let's take him now and see what he looks like. He's a great big fellow, prehistoric giant. That's where they find these big bones, and I'll show you this in the Bible. Now watch closely. All right. This great big fellow, let's say he was ten-foot tall, great big shoulders; looked just like a man. And his blood, after coming down, coinciding one animal to another; you can cross animals; and it kept getting higher blood, higher form of life, higher form, till it climbs up into the man realm. But the last connection here, between here, was cut off. How many knows that science can't find the missing link? All of you know that. Why? Here he is, the serpent. Here he was, a great big fellow. And the devil comes down, now, he says, "I can inspire."

Now, when you go to looking at women and the action of women, you remember, you are anointed of the devil (and it's not your own wife).

Notice, now, the devil come down and got into the serpent. And he found Eve in the garden of Eden, naked, and he talked about the fruit in the midst. The midst means "middle," and so forth; you understand, in a mixed congregation. And he said, "Now, it's pleasant. It's good to the eyes." What did he do? He begin making love to Eve, and he lived with her, as a husband.

And she saw it was pleasant, so she went and told her husband, but she was already pregnant, by Satan.

And she brought forth her first son, whose name was Cain, the son of Satan. “Now,” you say, “that’s wrong.”

All right, we’ll just find out whether it’s wrong or not. “And I will put enmity between thy Seed and the serpent’s seed.” What? The serpent seed! She had a Seed, and he had a seed. “And He shall bruise thy head, and you shall bruise His heel.” And a bruise, there, means “to make an Atonement.” Now there is your “seed” of the serpent. Now, notice, here comes these two men out.

Now, this serpent, when he stood there, this great big giant of a fellow stood up there, he was guilty of committing adultery with Adam’s wife. Where’s sin lay today? What makes things the way they are today? Now, I...Surely you can catch what I’m talking about. And there it was. And when he did, God said, begin to call for Eve and Adam. And he said, “I was naked.” And He said, “Who told you you was naked?”

Then they begin to, the army fashion, passing the buck. Said, “Well, the woman You give me, done it. She was the one who persuaded me.”

And she said, “The serpent give me an apple”? All right, preacher, get next to yourself.

She said, “The serpent beguiled me.” Do you know what beguile means? Means “defiled.” The...she...the s...devil never give her an apple. “The serpent has beguiled me.” And then the curse came.

He said, “Because you listened to the serpent in the stead of your husband, you took Life from the world. And you’ll multiply your sorrows; and your conception shall be to your husband,” and so forth.

“And because you listened to your wife, instead of Me (I’ve took you from the dust; the highest specie), back to the dust you go.”

“And, serpent, because you did that, off goes your leg. Upon your belly you’ll go, all the days of your life. And you’ll be hated. And dust shall be your meat.” There you are. There is that missing link.

## ONE OF THEM WAS OF SATAN; AND ONE OF THEM WAS OF ADAM

And Satan was the next link here, this serpent, was the next thing to a man, from a chimpanzee, stand between man and—and the chimpanzee. Now science is looking for that missing link. And it’s so hid by taking him down, and even not a bone in him looks like a man, see, making him a reptile.

Now, we find now, that this fellow found Eve in the garden of Eden, this young woman that knowed no sin, knowed not what her nakedness was. And he knew. He was smart, subtil, wise. And he told her, “The seed, the fruit was pleasant and it was desirable,” and...when he lived with her that morning.

And then, see, then, the afternoon, she persuaded Adam to do the same thing, telling him what it was.

And then Adam deliberately, knowing he ought not to a-done it, walked out with his wife and did this act. Which, finally he would have come to it anyhow. But, see, it had to be that way, the wisdom of God, 'cause this then, that, displays His attribute to be a Saviour, Father, Healer. You've heard me preach on that, see. Now if that hadn't have been done...

He just let them out there on free moral agency, to let them act. He couldn't make them do it, and then still be just. But He could put them equal with Him, and free moral agency, and then let them do it themselves. And He knew they would do it.

And so then, you see, then when Adam lived with, she brought forth twins. And one of them was of Satan; and one of them was of Adam, which was of God. Cain and Abel.

And that happens. We got a case there in Tucson now. The white woman lived with her husband one morning, and that afternoon she lived with a Negro. And one of the little boys...There was two little boys was born. One of them was a little kinky-headed Negro, and the other one is a blond-headed kid, real pretty. And, think now, she is trying to make the white father take care of both children. And he said, "I'll take care of my own, but not his. Let the Negro man take care of his own child." So, you see, it's true.

## HAVING A TRUE KNOWLEDGE OF THE PRINCIPLES OF LIFE

The serpent is that missing person between the chimpanzee and the man. Cause, listen, notice this now, that the serpent was not a reptile. He was most “subtil” of all the beasts of the field.

Now, I went and got dictionaries, today, from everywhere, to look up this word, what the word of subtil meant. It means “to be smart, to be crafty,” and, the best interpretation of the Hebrew (from m-a-h-a-h, mahah) means “having a true knowledge of the principles of life.”

Now let’s watch this just a minute. He is smart, crafty, yet he is called the “serpent.” But, remember, he was the smartest thing there was, and the more like the human being than anything else that was on the field; closest to a human being. He was not a reptile. The curse made him a reptile. And he was the...The Bible said he was the most beautiful of all.

And even the curse didn’t take all of his beauty away; yet the glorious colors of a snake is beautiful, and his grace and his shrewdness. Even the curse didn’t move it off. But, you remember, God told him that his legs would come off and he would go on his belly. And you can’t find one bone in a snake that looks like a human being, and that’s the reason science is lost. But there he is.

## ETHICS OF DARWIN

And he just got through telling me that the first man was a sponge, then he become a polliwog, then he become a frog, and then he become a tadpole, or something or another. He brought it on down to a fire eating dragon, and then finally a monkey, and then put a collar and tie on him and called him a man that was...Um, such nonsense. And remember, did you ever read the ethics of Darwin on that. Why, it's crazy.

And you people over here, this side of the river let them teach it over here in the schools. That's a weakness of Christianity. When you sch...Said that little old polliwog scooted around for a thousands of years on his shoulder, and he wore a little wart there and a arm come out. Then he quit scooting on that side, he scooted on the other side another thousand years and wore another wart, and another arm come out. Nonsense. Oh, my. Anybody could believe that could...I ain't got that much faith; I just believe what God said. That's all. I haven't got that much. That takes too much faith for me. I'd just rather believe what God said, that He created man; that's all

there was to it.

## I BELIEVE IN EVOLUTION, BUT NOT IN THE WAY THAT MAN EVOLUTED FROM SOME LOWER SPECIE

Now this might be good, some of you high school kids that's getting this stuff taught into you here about evolution. Now, I believe in evolution, but not in the way that man evoluted from some lower specie. Their own theory backfires upon them when they try to hybreed anything, it won't breed itself back. So, you see, it's backfired on them.

Now, I believe that when God begin to bathe the earth, maybe the first thing He did come forth with was a jellyfish, and from that to a frog, and on up. But, you see, it's continually come closer and closer to the image of man, and man was a reflection of God. And that's the reason that grass become evoluted, maybe grass, and then from grass come flowers, from flowers come shrubs, from shrubs come tree. Why? It's a picture of the Tree of Life standing on the other side. And everything on this side that's natural is a shadow of the Supernatural or the Eternal on the other side.

## THAT'S A LIE

I thought I was going to get put out again when I come over to the museum. Ah, my righteous indignation just rises when I get in there. A man, twenty-five million years ago. Where

was Adam and Eve at that time then? That's just nonsense; that's the devil, absolutely. I said, "I'd just get up yonder, and take me a text, and tell them to come at the Lane Tech tonight we will straighten that out; that stuff's wrong.

It's a shame that our kiddies has to pass through and see such tommyrot as that. That's absolutely a lie; there's not one bit of it the truth. Man wasn't on this earth till six thousand years ago when God made the first man Adam and Eve. That's right. There is no such a thing as that stuff: you come out of a frog, or something kind of a monkey, or something like that. That's a lie, and not a word of that true. That's against God...That's the devil in the last days. Just like I've been teaching, before Moses, why the...before Cain, in the—when God was going to frame the righteous seed through Cain. See how the devil worked to cut it off? In the days of Moses he drowned all the children in order to catch that Elected One of God coming forth.

In the days of Christ, why, he had all the children killed, from two years old, back, trying to stop it. And that's one of the devil's tricks today to break faith from the young generation, such nonsense as that. Darwin, no, sir, I don't believe one of his ethics. It's every one's wrong, he...I'd like to took William Jennings Bryant's place on that for a little bit. Well, I—he's wrong, absolutely wrong. If he's right, then God's wrong. So this is the truth, right here, the truth. Last time I was down there they put me out, 'cause they had a good crowd down there. And I sure got me a good text, and I sure went to work on it. So, so, I just don't believe...If anything's right, it's right; if it's wrong, it's wrong. And that thing's a curse to the nation. So I don't believe there was

such a thing, and I don't believe the human ever sprung from any sponge, or monkey, or whatever it was. It come...God made man in His own image, and that settles it. That's all.

Isn't it funny how all those fiction stories get started? And people believe it? Yes sir. Truth is more stranger than fiction, isn't it? That's right.

## THEIR OWN SCIENTIFIC RESEARCH PROVES THEY'RE WRONG

So when man tells you, and you children going to school, and they say that we come from a single cell, and the ethics of Darwin...He just doesn't know what he's talking about (See?), because...You take a horse and a...You take a...Well, let's say a donkey and a mare, and they have a colt. It's a mule. But that mule cannot breed to another mule and have a mule. It finishes right there. Hybrid corn, you could hybrid corn, and then you could plant that corn. It won't be nothing (See?), won't be nothing; has to come back. So how can then...If we begin on evolution from a single cell, then where we at. See? Their own scientific research proves they're wrong. See? See, you can't do it. You can breed the blue violet with a white violet, get the African violet. But just leave them to themselves, and they'll go right straight back to the original blue violet. That's right. See? It won't do it.

## I BELIEVE IN TRUE CHRISTIAN EVOLUTION

Now, you know, when God came to the earth, when He was brooding over the earth at the beginning, and maybe the first thing did come up was a polliwog, as the scientists try to say. Next thing might have been something...I believe in true Christian evolution, but I don't believe it all come from a single cell. I believe it just...God made a polliwog, and then He made a fish, and then He made something else. And just...I believe in coming up, not by the same cell, but a different creature all the time.

And finally He kept on, coming higher specie, and after a while it reflected the One that was doing the brooding, which was God. Now, to prove that's right, when God was made flesh it was Jesus Christ, a man. See? So, not an Angel, a man. So it goes to show that it reflected Him.

## KEPT GETTING HIGHER LIFE

I believe in evolution. The first thing maybe, when there was nothing but just plain chaos, volcanic eruption. You know, God's a great Contractor. You believe that? A great contractor always lays out all of his stuff when he builds his subdivision. God, when He was moving the earth around, creating calcium, potash, and petroleum, and so forth, He was laying our bodies on the earth right then, the material that we're made out of.

And the great Holy Spirit went out from God to brood over the earth, or coo, make love like a hen her brood. And His...Let's think He had wings. He did not, but let's think He had wings like a hen over a brood. He begin to brood over the earth. And I can see some calcium coming, running down a little place, mixing up with some moisture and potash. And a little Easter flower come out. And I can hear Him say, "Come here, Father, and look at this." "Very good, keep on brooding." After while, brood a little more. What come out next was probably the flowers and the vegetations, and the birds flew out of the dust of the earth. And then come the animal life, and kept getting higher life, higher life, higher life, higher life, until finally a man come up in the very image of God. Strange something didn't come up higher than that, wasn't it? Can't get no higher; it was the image of God. So as it...Evolution brings it up like that. But they can't cross and make themselves higher, God said every seed brings of its kind. Now, in that come up then, the man.

Now, sin did not start in earth. It began in Heaven, and he was kicked out of Heaven and came to the earth. There was nothing else he could get into. The animal would be too far from him, seed wouldn't mix, so he had to get into the serpent which was a being more like a man. And when God cursed him and put him on his belly, He changed every bone in him. Science trying to dig up bones and that...Why, it's hid in the mysteries of God, and will reveal it to anybody that wants to know about it, sure. There is... Now, watch, he was the most subtle, most shrewd, cunning, wisdom, smarter than the animal. He was right next to the man (See?), the most subtle of all the beasts of the field. And now, remember, that Cain was given a mark. And now, you say, "Satan could

not've been that serpent.” If you'll go with me now over to Second Corinthians 11:14, the Bible said he transformed himself into an angel of light. You just underestimate Satan; that's all. See? Yes, sir. He made himself into an angel of light. If he could come into that kind of a substance, then why could he not come into a beast, next thing to a man? 61-0216 · The Mark Of The Beast And The Seal Of God #1

## THERE ISN'T ANY EVOLUTION

Here is where we receive the true revelation of the “Serpent's seed.” Here is what really happened in the Garden of Eden. The Word says that Eve was beguiled by the serpent. She was actually seduced by the serpent. It says in Genesis 3:1, “Now the serpent was more subtil than any beast of the field which the Lord God had made.” This beast was so close to a human being (and yet was pure animal) that he could reason and talk. He was an upright creature and was somewhat in between a chimpanzee and a man, but closer to a man. He was so close to being human that his seed could, and did mingle with that of the woman and cause her to conceive. When this happened, God cursed the serpent. He changed every bone in the serpent's body so that he had to crawl like a snake. Science can try all it wants to, and it won't find the missing link. God saw to that. Man is smart and he can see an association of man with animal and he tries to prove it out of evolution. There isn't any evolution. But man and animal did mingle. That's one of the mysteries of God that has remained hidden, but here it is revealed. It happened right

back there in the midst of Eden when Eve turned away from Life to accept Death.

### LET EVERY SEED BRING FORTH OF ITS KIND

I like to ask the evolutionist this. If you cannot breed back hybrid corn, how can they ever teach evolution. God said, "Let every seed bring forth of its kind, every seed of its kind." And if you cross that seed up, it settles it. It cannot go farther. It goes right back to its original again.

Now, chronologists, and so forth, and these people that search and get old bones, and so forth, and believe in evolution...I believe in the right kind of evolution. Man evolves from himself, but not all from one cell. No, sir, because a bird has been a bird ever since God made him a bird, and a monkey has been a monkey, a man has been a man. That's right.

## DISPROVED THEIR OWN THEORY OF EVOLUTION

I was speaking on that just recently on a sermon of, “Hybrid Religion.” And science in working in the field of science, those who claim evolution has taken their own scientific reproofs and or, proof and disproved their own theory of evolution, because anything that is hybrid cannot breed itself back again. Therefore, if He made a certain seed, it has to remain that. If you cross it up with something else, it cannot breed itself back. That ends it as soon as you breed it. A mule can never produce another mule, and don’t nobody ever lay it onto God of making a mule. He never done it. That’s what man done. It’s a...Reminds me right smart today of the nature when you hybreed anything, you spoil its nature.

60-1127M - It Wasn't So From The Beginning

## NO SPECIES HIGHER THAN A MAN

I’d like for science to answer this one. If there is such a thing as evolution, and they claim it could come some other way. Why don’t something rise higher than a man? We have no species higher than a man, because he’s in the image of God. Nothing can go beyond its Creator. I like for them answer that one. They can’t do it. Why? It’s the highest species.

60-1127M - It Wasn't So From The Beginning

## IT’S NOT EVEN SENSIBLE TO EVEN THINK OF SUCH A THING

Now, as I was studying a few days ago, and I believe I mentioned it last night, slightly, that I was reading

where...or hearing on the radio, coming in from Canada, of where that a doctor here in the United States had made a statement that “man was fourteen million years of evolution.” They dug up a bone over in Italy, in 1800, somewhere in the 1800’s, that this bone was supposed to be a human bone that was been...might by the...While they do it, to tell how old it was, and this doctor as an old man and has put all of his life on studying on this bone. And he says, “This bone is the bone of a man that’s fourteen millions years old.”

Now, how nonsense that is! How a man has thrown his life away for nothing, trying to disprove the Word of God, and he’s got nothing but just an endless destination out of it. And anyone knows that if you would bury a bone in the ground, within twenty years that bone is turning. Within a hundred years that bone’s about gone, just pieces of it, and no matter what condition you’d put it in. See? And then within a thousand years what would that bone be, ten hundred years? Oh, what would be ten times that, would be one million? Then fourteen times the million. Oh, my! It’s just...It’s not even sensible to even think of such a thing. A bone would not last fourteen million years under any condition. Anyone knows that. He might have picked up something that looked like a bone or something. And then how well could they tell it was fourteen million years old? See? After all, God made man on the earth six thousand years ago, and that settles it.

Today, everything we got is hybrid. You talk about hybrid corn, I see it out on the signs out here. It is no good. It's killing people. Look at Reader's Digest, said, "If women keep on eating it, what's going to happen, they won't have their babies no more, in twenty years from now. They won't be able to give birth to their children." It's breaking it down, till cancer taken a hold. Oh, everything, the whole thing is worm-eaten. That certainly knocks scientific, on evolution, out.

And He said, "As it was in the days of Noah, so will it be in the coming of the Son of man." The judgments is bound to strike, for man had continually to get evil. All their thoughts was evil. Gasoline power, electrical power, would never lift those boulders and build such as the pyramid. They weigh hundreds of tons, and setting away in the air, almost about a city block high mostly. And how did they ever get them up there? That's the mystery, and so perfect mason till a razor blade couldn't go between them: honed down. They are masterpieces, mastermind.

But they cut it here on the ground, and got it up there, somehow, and you can't take a razor blade and slice along in it like

that, it's fitting so close together. Smarter than we are now. And that same smart...

They had a dye back there. They could make a mummy in that day. We can't make one today. We couldn't make a human body a mummy, we don't know what they put in them, to make them look natural. They had dye, they put in cloth in that day, that we don't have it now. We couldn't do nothing like it. There is just many things they had then, that we didn't have.

Here some time ago, they dug up a modern waterworks, right here in Mexico, that had been sunk during the antediluvian. Modern waterworks, way smarter than we are today! See?

"As it was in the days of Noah," smart people like do that, "so will it be in the coming of the Son of man," another smart generation. How smart those people were, probably greater science, that could measure how far each star was apart. They were so smart till, geographically, they put that big, big pyramid right, and so centered in the earth, till, no matter where the sun is, there's never a shadow around it. Morning, evening, midday, anywhere, no shadow around it.

## THEY KEPT THE TIME BY THE STARS

So, here is where I find that, getting my days. Now, we got two, three different calendars. We go back to the old astronomy calendar, and we find out that in the Julian calendar there is three hundred, sixty-five and one-fourth day in a year. They time that by the passing of Sardis and

the different stars, and so forth. They timed it. Now we find, in the Roman calendar that we live under now, three hundred and sixty-five days in a year, by the calendar. But in the Christian, or prophetic calendar, we find there is only three hundred and sixty days in a year. Now, you might wonder how this confusion come about.

Now, this I can only say as myself speaking. I believe that back before the antediluvian destruction, back in the days of Job, and so forth, that they kept the time by the stars. And we understand, or back before that time, that the world stood upright. And then in the sin of man, the overthrow of the world, and it tilted and the floods came, therefore we have the great ice glaciers, and so forth, and all the top and the bottom of the earth is full of ice. We know that. And the earth does not set straight up. It sets tilted. That shook it out from where the moon and stars, where they was looking at, and misplaced then. Or, you could not keep time by it anymore, because it's setting lopsided, setting tilted back. Therefore, it would not hit them stars at the same time, because it's out of cater to them stars. You understand? I believe that's what is.

## THE DAUGHTERS OF CAIN

I think, "These sons of God was the sons of Seth, saw the daughters of the Cainites, the Cains, that they were fair." Because, "The sons of Seth came, was the son of Adam, who was the son of God." But, "The son, the daughters of Cain, who was the son of Satan."

Now, you notice, “They noticed,” just at the end, before this antediluvian destruction, “that the daughters of the Cainites were fair, pretty, attractive.”

## SATAN SET HIS SYSTEM UP

Now, Satan, in this time, set up the same system that he did in the garden of Eden, reasoning against the Word of these prophets. Same thing! Now, Satan set his system up. He had more than one or two people to deal with now; he had billions to deal with. The antediluvian time, more people, probably, there are now. They multiplied, all over the face of the earth. There was a great earth of people in them time, probably far more than there is now. And now look. Satan, in order, (not the setup with one, with Eve), he set him up a system. What was it? To combat the Word of the Lord that came to the prophets. You get it? He uses that same old tactic, every time. And God stays with His same, the Word.

Here come Noah and Enoch, with THUS SAITH THE LORD, building away on an ark. Now, notice, Satan’s system laughed at God’s system. Now compare that with today, “holy-rollers,” and what-more. See? Scoffers, the Bible said, they laughed at God’s system. Satan’s system laughed at God’s system. They thought It didn’t stand up to their own science and reasoning.

Now, they said, “That old fellow up there on the hill, building that ship, and he says there’s some water coming down from up there. Now, we’ve got the best scientists in the world. Now, they probably have a radar that they can shoot plumb

to the moon, and what-more, and can prove that there is no water there. Now, how is there any coming down? Old fellow, you're crazy." "But I've got THUS SAITH THE LORD." Built right away.

## I BELIEVE THAT THEY HAD CONTROL OF ATOMIC POWER

Now, just before the antediluvian destruction and the flood time, well, we find out that they had a greater civilization than we have today. I believe that they had control of atomic power. I think that's what shook the world from its orbit. I've stood in the British Ice Fields; dig down five hundred feet, bring out palms, where there used to be palms there, and many hundreds of years ago. And we're taught and know that the world stood upright. But, and they had such mechanical and such science till they could build a pyramid, sphinx, so forth, that we couldn't reproduce today. We have no machinery to lift those blocks that far, see, 'less it would be atomic; gasoline power won't do it, and electrical powers won't do it. But it was another age much smarter than our age.

62-0603 - The End-Time Evangelism

## THEY PROBABLY COULD SHOOT RADAR TO THE MOON

Let's go back for a minute. Noah was...come with a gift of God as a prophet, saying there was coming a storm that was

going to cover the whole world with water. Now, it didn't meet with scientific ideas of that day. Remember, they were greater scientists then than we are now, they had built the pyramid and the Sphinx, and we couldn't build that now. They embalmed the body to make it look natural, even to this day, a mummy, we couldn't make it. They had coloring that we can't touch, they were greater scientists than we have today. And now, when...They probably could shoot radar to the moon, too.

# The Flood

## BEFORE THE FLOOD THE EARTH SET UP STRAIGHT

Look in the days of Noah. Jesus referred back to it. Back there in the antediluvian world. Let's go back just for a few moments and run ourselves back. Now, it'd never rained on the earth. The earth set up straight. The reason it leans back this a way today, it's hot and cold air which brings up the vapor and that's what makes the clouds and so forth. But to that time it had never rained on the earth. God watered it through springs and so forth in the gardens, the springs beneath it. It'd never rained. There'd never been a cloud in the sky over this earth to that time.

53-0613 - God's Provided Way

## NOT ONE SPECK OF WATER UP THERE

Noah, way back in the beginning in the—before the antediluvian destruction, maybe a farmer out in the field, but one day he met God. And God told him it was going to rain. Noah was just as sure as it was going to rain as he was sure

he was Noah. And he went about preparing an ark for the saving of his household, because he was certain that it was going to rain. No matter how unscientific it seemed, no matter how many...Science could prove him there's not one speck of water up there; there could not be a cloud form; there could not be this, that, or the other. No matter how scientifically it seemed, he was certain it was going to rain, and he made arrangements for it. Amen.

61-0429E - The Uncertain Sound

## HIS GREAT SPIRIT WAS GOING TO PUSH THIS WORLD OUT OF ITS CATER

In a day of a greater civilization than this, a man out there building on an ark, that was said it was going to rain, and it had never even been a cloud in the skies in...For two thousand years since the world had been in existence, there'd never been a cloud, or clap of thunder, lightning or nothing else. But yet, God told him it was going to do it. Because His great Spirit was going to push this world out of its cater, out there and lean it back and cause clouds to come. If God said so, it's going to be just the way God said it was going to be.

53-1201 - God's Provided Way

## THE RAINBOW

Can you see a rainbow without thinking of what God said? That's many colors in the rainbow, it's a covenant. Before the antediluvian destruction it wasn't there, but God put the humidity in the earth now, that makes it that way. Take a three-cornered piece of glass, turn it in to the sun, it'll

produce seven perfect colors.

55-0625 - Show Us The Father

## THE WORLD WAS ROCKED OUT OF ITS ORBIT AND THROWN AWAY FROM THE SUN

I truly say this from my heart. I believe the next great event in the world is the second coming of the Lord Jesus. When, I do not know. No one else knows. But I can't see nothing left but a hydrogen explosion and the end time, the world rocked out of its orbits, like it was in the antediluvian, that threw it away from the sun, and the heat and the moisture, or the heat and the cold coming together make a moisture that flooded the world. And this time no more water, but fire this time into the sun, to blow it right straight back out of its orbit again into the sun, to destroy it the second time.

57-0114 - The Infallible Proof Of The Resurrection

## HE EITHER CAUSED AN EARTHQUAKE OR SOMEBODY HAD ATOMIC POWER

Now notice all these things that they did, and the powers that they had. And could you imagine, it never rained, and nothing in the skies to make it rain. How in the world did that man ever get that message over? He didn't. That was it.

But as Noah stood in the door of the ark, and warned the people of the oncoming destruction, so is a Gospel preacher that's born again, today, standing in the Door, Christ Jesus, enshrouded around by the Holy Ghost, warning the people of

a coming destruction. Sure. As it was in the days of Noah, here we are standing in this day.

Now, how could science say, “Rain come from there?” But, you see, God knowed how to bring rain from there. He either caused an earthquake, or somebody had atomic power, that they throwed it and bursted some part of the earth. And it swung the earth backward, throwed it out of its orbit, and now it leans back. And when they did that, the heat of the earth and the cold of the earth, from the sun and away from the sun, caused the cloud to come over. He’s Jehovah-jireh. He can provide Himself anything that His Word said.  
60-1218 - The Uncertain Sound

#### NEVER WAS A CLOUD ... GOD IRRIGATED THE LAND

He said to Noah back there, that, as we’re getting into this morning, “Why, it’s going to rain.” Why there wasn’t...never was a cloud in the sky. The biggest stream of water was a branch where God irrigated the land, a little spring somewhere. That was the biggest stream of water there was.

Now, people say, “How in the world is there going to come any water down from up there? Show me where it’s at up there in all that hot sun, if there ain’t any up there.”

61-0101 - Revelation, Chapter Four #2

#### SOMEBODY LET ONE OF THEM ATOMIC BOMBS FLY

And the only thing He done was let man, foolish, silly man, do exactly with his science, to bring to pass that what He

knowed would come. God never destroyed the world; man destroys the world. God don't destroy nothing, God tries to preserve everything. Man destroys himself by his knowledge, like he did in the garden of Eden at the tree, so forth. And so some fanatic got a hold of some atomic power, somewhere, that they had it.

They could work with it then, 'cause they could do things then with it that we have never learned yet. We are not that far advanced. Maybe take three or four years yet, or more, 'fore we can do it, to do what they did. They built the pyramids and the sphinx and so forth. We could never do that. We couldn't reproduce that, there's no way for us to do it, only unless we can get an atomic power. Gasoline power, electric power, wouldn't lift one of them boulders, wouldn't move it off the ground. And some of them are a city block high, up in the air, and weighing a billion tons. How'd they get them up there? See, they knowed.

And they let that loose, somebody let one of them atomic bombs fly into the screen of some other's, back in the days, 'cause, "As it was in the days of Noah," as it was, that kind of a civilization, that kind of a smart people; "as it was in the days of Noah, so will it be, so will it be in the coming of the Son of man." A repeat of what it was! See?

Here not long ago they dug up a modern waterworks, was down here in Mexico before the antediluvian flood. You seen it? It was in the paper, where a modern waterworks just like we have now, that sunk so far beneath the ground; some atomic something covered it over. She just blew up and went over like that. See?

Now, “as it was in the days of Noah,” smart men, smart men with their atomic powers and everything, could build pyramids and sphinx and so forth. “As it was in that day, so will it be.”

61-0101 - Revelation, Chapter Four #2

## WHERE I THINK GOD GOT THAT WATER

Now, where I think God got that water, when the Genesis starts, Genesis 1, “The earth was without form, and void, and water was upon the deep. The Spirit of God moved upon the water and said, ‘Let there be light.’” God separated then the land and the water, which made the earth. But the whole earth was covered over. Now, what He did, He just...through the atmospheres, He just...atmosphere is...The atmospheres is filled with hydrogen and oxygen, and so forth. Then He just lifted it up off the earth and separated it. There was no sea on the earth then. God watered the earth, didn’t even come rains. He watered it through springs and things, irrigation. Then when He...Only thing He did then...

When man blowed it out of its orbit, out to one side, what happened? It throwed it back in the...heat down here, and the cold up there. And hot and cold, what cumulate? Feel it here on them windows right now, hot in here and cold outside. See the sweat? And rain is nothing but sweat, perspiration. And water is ashes.

61-0108 - Revelation, Chapter Four #3

## PUSHED IT BACKWARDS AND CAUSED THE RAIN

There's nothing that we have, 'less it would be the atomic energy, and that might have been the same thing that caused the antediluvian destruction that threwed the world out of cater and throwed it away from the sun, pushed it backwards and caused the rain.

62-0218 - Perseverance

## THE EARTH, LEANING BACK AFTER THE ANTEDILUVIAN DESTRUCTION, CAUSES THE RAINS

Why, I hear the scientists to come up there, and say, "Look, we've got an instrument that we can shoot plumb to the moon." You know, it had never rained in them days, God watered the earth up from the springs, never been no rain in the skies. The earth, leaning back after the antediluvian destruction, causes the rains. So Noah said that it's going to rain from above, and the people didn't believe it, science says, "There's not one drop of rain up there, no water. How could it rain?" Noah would say, "If God said it's going to rain, and rain is coming from up there, God is able to put rain up there." See? But the people didn't believe it. One day she rained. See? And that race, because they did not believe it, they were destroyed, the whole world.

62-0725 - A Greater Than Solomon Is Here

## GREAT BIG DROPS OF RAIN

Then when the ark door was closed, many of those people said, “Well, let’s go up and stand around, now, if it comes to pass that, for instance, the old man was right. We all kind of thought that the old fellow was a little bit off, but I enjoyed listening at him preach, standing there in the door. And now we know that something closed that door. Now, he’s a good old man. And if it would happen to be, some water come down up there, why, why, he’d take us in.” You see, you don’t want to trust... You don’t want to strain God’s goodness. You want to be sure that you just come in while you got a chance to come in.

Then, the first thing you know, the first day, look how God puts a strain on His people, sometime, I’d imagine, the first day, Noah said to his family, “All right, now we’ll climb up into the upstairs. Now, in the morning, the skies are going to be dark. Never was dark before. We’ve never seen it. Rain is going to fall. Lightning will sweep across the skies.” And the next morning up comes the sun. No sign. All day long, Noah and his family looked. Well, things went on just exactly the way they did.

I imagine the borderline believers said, “Aw, the old fellow was wrong.” They went on back downtown, eating, drinking, and being merry.

I imagine, his family, what a strain it must have been on the man. But he didn’t give up and start knocking on the door, and saying, “People, pry the door open. I was wrong.” Why? He knew he had the truth, and he held on to it.

“If it didn’t rain today, it will tomorrow.” That’s it. All right.

Then the second day come, and we notice the sun came up. It crossed over just like it did every day. No sign of rain. Still he was persistent. On to seven days, Noah was setting right there, said, “If it didn’t rain today, it will tomorrow.” See, he was anchored. He was persistent, perseverant, because he knewed that God said so, and it had to be that way.

Now, finally, on the seventh day, when he looked out the window, the skies were blackening. The wind was blowing across the hills. The trees were bending over. People were screaming, not knowing what to do. And after while, great big drops of rain begin to break down for the first time, striking upon the streets. The sewers filled up. All the springs broke up. The water began to rise. People got into their boats, and they sank. The winds were rough. And it got deeper, and deeper, and deeper. After while, it begin come up on the ship. He watched out the window.

Finally, the people screaming, there’s no way for him to reach out and get them. He was way up in the upper story. They had sinned away their day of grace. There was no more left for them. It was too late then. Finally, what a feeling it must have been, to Noah, when he watched out on the street and seen all the little boats, whether they were God-constructed or not.

# The Icefields

## IT FROZE OVER

As I was speaking last night to someone, or yesterday, in somewhere, the earth once stood up like this, right, around the sun, equal heat all the way up and down. Up in British icefields, you can blast down there five hundred feet and find palms. It come suddenly, froze them like refrigeration now. Like your dehydrating, and so forth, and your freeze and deep freezes that keep strawberries and things for years and years and years to come. See? That's the same way it was in that time. Quickly there come an antediluvian destruction and flooded the whole earth over. And when it did, atomic powers rocked it out of its orbits, and it froze over and there she lay. See? Dig down and you can find them, up around the arctic zones and things, palm trees and so forth. Showed that it was once inhabited beautifully, set up. But now it's shook back.

61-0108 - Revelation, Chapter Four #3

# Giants

## MAN BECOME LIKE GIANTS

And when we come over through the lineage of Cain, it did the same thing. They went off into the land of Nod, Cain did, and there married. Took his wife and went in there, and later man become like giants.

When the children of Israel come up through there, they found man, even some of them had fingers of fourteen inches long. And think of that, great giants! David slew Goliath, which was a great fellow, and he said that his spear looked like a weaver's needle. And how many...Nine feet tall, and something, and what a mighty fellow he was!

But if you notice, there come a great civilization through that lineage of Cain back there, that begin to come in. When man begin to multiply, they begin, go out after different educations and so forth, and discovery of things, inventions. One, a great worker of wood. Oh, how they built and begin to build, and build, and build: was a sign that the end time was near. Did you ever see the like of building that we got now? It's again the sign of the end time. They were great workers

of metal. And they discovered how they could, what they could do with metal.

## THE DEVIL CANNOT CREATE

I know many of you has just been listening to Dr. DeHaan. I certainly...As a man of his caliber, and a good Baptist brother, and I certainly appreciate him. He's got more intelligence and brains, and forgot more than I'd ever know; 'cause he's a Doctor of Divinity, and he's a medical doctor, and he's a Doctor of Science. He's a smart man. But he's saying that those...When the sons of God saw the daughters of men were fair; he takes Josephus' stand, and say that "they pressed themselves into human flesh," and taken unto them wives. And there were giants in the land of Nod. "And they taken themselves wives and lived with them, when the sons of God, fallen Angels, taken and seen the daughters of men; and the sex desire was such a great thing, and yet them being sinful from falling, they pressed themselves into human flesh."

If they do that, they spoil Divine healing, they spoil everything else. If the devil can create, he's equal with God. The devil cannot create. I want you to show me one place where the devil can create. He cannot create. He only perverts what has been created. He is no creator. He is only a perverter.

58-0928E - The Serpent's Seed

## THEIR DADDY, THE DEVIL, THROUGH CAIN

And watch, then, here comes your giants. Then Cain went to the land of Nod. If his daddy was a great big giant of a fellow, what would Cain be like? His daddy. And he went to the land of Nod, and took one of his sisters.

Only way he could do. There's no more females could come, but only through Eve. They claim they had seventy sons and daughters. If there was no female...The Bible don't record females when they're born, just men. And when, if there was no more females than Eve, when she died, the human race ceased to exist. She had to have daughters. And he had to marry his own sister.

He went to the land of Nods and got his wife. And when he married her in there, there is where they found those great big giants, which were fallen sons of God; who came through their daddy, the devil, through Cain. There is your missing link.

58-0928E - The Serpent's Seed

## IN GENESIS 6:4, AFTER THE FLOOD, WHERE DID THE GIANTS COME FROM?

That's a good one, very good. That's a sensible question. Where did these giants come from? Adam wasn't a giant as far as we know, 'cause if it would, the Bible would said so. He was just an ordinary man. Where did they come from? Now, this is a great dispute, and this was just handed to me. It's on a big, dark paper, and it's a, or, big, dark letters on white piece of paper.

Now, these giants...I believe it was one...somebody here not long...It might have been Josephus. I'm not saying that now, minister brothers, that it was Josephus. But it seems to me like that it might've been him, or Dr. Scofield, or some of them, that said that these giants that was in the land were actually fallen spirits of God that listened to Satan's tale, as he told in the...around in Heaven...And it was Michael...Trying to raise a war with Michael in Heaven...was kicked out...That these sons of God saw the daughters of man, and that these giants was in the land at that time, that they pressed themselves into human flesh. If you do that, you make Satan a creator. You can't do it.

No more than Dr. Smith, on the Seventh Day Adventist on the sacrifice goat. He said one goat that was...They killed two goats at the day of the sacrifice, the Day of Atonement, and one goat was killed and the other one turned loose. And then he said the goat that was killed represented Jesus, our sin Bearer that died; but the goat that was turned loose represented the devil, that bears our sins and goes away into eternity with it. Now, you see, any...To my opinion...If this ever gets back to an Adventist brother, I'm not saying nothing about that great man, Dr. Smith. Oh, he was a smart, intelligent, fine, cultured Christian, a believer; but to me, you see, it doesn't make sense. When you do that, you're sacrificing to the devil then. They both represented Christ's death, burial, and resurrection. He also died for our sins and carried our sins far away; both of them was Christ.

So the giants never come from pressing themselves in. These giants were the sons of Cain, whose father was the serpent, who looked in every respect exactly like a man, but was a

great, huge fellow, bigger than a man. And that's where those sons came from, because they were the sons of Cain, because they were Canaanites in the land of Canaan, where they come from; and that's where Cain went to. And that was...See, that also proves the serpent's seed. It was a different race of people altogether. That was serpent's seeds. See?

Now, that serpent's seed question's in here, so we're going to get to it, and I want you to bear this in mind. See? Now, just to give this background.

See, they were Canaanites, these giants; and they were the sons of Cain, which was the son of the serpent. And the serpent was a giant man, great, monstrous sort of a fellow, not a reptile at all, beautiful. He was the most subtle of all the beasts of the field. And he was the only...

See, the genes from an animal into a woman will not breed at all. They tried it over and over; it's unfertile to the woman's sperm. And now, they can't find it. Take a chimpanzee, it's the closest thing they can find to the man, or the gorilla, or some of those close up to the man. As God in His great evolution begin to make fish; and then He made birds; and then He made other things, animals, and they kept coming on up, till one come out to a chimpanzee, and to a monkey, and on down to a gorilla, and then into the form of the serpent, and then from a serpent to a man.

And mankind has tried to search, science, trying to find bones, what this animal was that was next to the human. And human is an animal. The man, the flesh part is animal flesh; we know that. We are mammal, which is a warm-

blooded animal; we know that! But what makes the difference? The animal does not have that inward soul, but the human does. He don't know right from wrong.

Little female dog don't know she has to wear a dress, and I don't believe she'd wear shorts if she was...understood. Neither would a sow, but it's a fallen human race. See?

Now, there's—there's where it comes from. That's where these giants came from. They were sons of the serpent.

And see, when he saw Eve in this condition, he...Satan got into him and caused him to...See, Adam had never discovered yet. I don't know how to use these words. It'd be all right here with you all, but somebody so criticizes it. You know, they're always trying to pick something. But see, Adam had never knew Eve, his wife. He had never come to that place, and Satan beat him there. See? And then when she become pregnant, then he knew her. We'll get to that on this next question or one of these questions. I don't know where it's at; we...I just see it in here. Now, but there's where the giants came from.

## GOD WROTE IN THE PYRAMIDS

Then the next Bible was written, was in stone, called “pyramids.” God wrote in the pyramids. If you study them, watch the ancient histories and wars, how they were built before the antediluvian destruction.

## GOD MADE THREE BIBLES

As I've often made this remark, and said, God made three Bibles. The first one, He put It in the sky, the zodiac. Did you ever see the zodiac? What is the first figure in the zodiac? The virgin. What's the last figure in the zodiac? Leo the lion.

He come the first time to the virgin, He comes the second time as the Lion of the tribe of Judah. See?

He made the next one in the pyramid, back in the days of Enoch, when they made the pyramid. And they measure them. I don't understand it. But to the wars, where they stoop and go on their knees for so long, and can measure the distance of the wars. You know where they measure to now? Plumb across the king's chamber. And as this pyramid went up...We could not build it, with everything that we got today. We couldn't build it.

It's built right up like this, to a point. And the stone on...The capstone never was found. They never did put a cap on top of the pyramid. I don't know whether you know it or not, the big pyramid of Egypt, it never had a top stone on it. Why? The capstone was rejected, Christ, the Headstone, see, was rejected.

## IF IT DOES HAVE ANY SYMBOL OF PROPHECY

If you've ever been in Egypt, you'll know that the great pyramid in Egypt, that they all speak so much of, which many claims to be a prophetic thing that was built before the antediluvian destruction. That I could not say, I know nothing about that. But if it was, then the headstone was never put on that pyramid. They've found—said they found it in different countries and so forth, but it never would come up to the diagram that fits the stones that was up there. It would have to make—the cap there would have to be the perfect stone. If it does have any symbol of prophecy, then

the headstone was rejected just like the chief Cornerstone  
the Bible was rejected.

### YOU'LL SEE THE DAY YOU'RE LIVING, IN THE PYRAMID

This, being this a way, would answer exactly Enoch's sign in  
Egypt, the pyramid. Would it? Enoch, before the antediluvian  
destruction, when justification was coming in, he brought  
forth a sign, and in this pyramid is seven steps going to the  
king's chamber. Watch on the seventh step, if you ever  
studied the dimensions of the pyramid, what comes out to  
take the oncomer, to introduce to the king. Watch whose  
station that is standing there, and you'll see the day you're

living, in the pyramid. Now, God made three Bibles. Now, there's a pyramid teaching that's nonsense, but there's a genuine pyramid. See? Notice. Now, God, first Bible...He made three. There have to be everything in a three.

## IF YOU THROW IT INTO THE SUN, IT'LL BURN

Then in this great time, it's leaning back like this now, and He made us a promise, "No more water, but fire this time!" Instead of throwing it...They threwed the earth away from the sun, of course, it got cold. If you throw it into the sun, it'll burn. And just as He destroy it with water and put the bow in the sky, He "wouldn't do it no more," now, He give a promise He would "burn it!"

## FIRE THIS TIME

What good will it be today, maybe when our tombstones will be floated up in some sands, when the howling winds...when this world is swept into the sun yonder, throwed out of its place, like it was before the antediluvian destruction, and throwed, instead of being thrown from the sun, throwed into the sun? No more water, but fire this time. And the sands howl across the earth before the great Millennium, and our

tombstones come up, “Dr. So-and-so, Brother So-and-so, or Bishop So-and-so,” what good will that do us when our souls are yonder somewhere in Eternity? And it’s got to be, the living know they have to die.

## ROCKED WITH ATOMIC POWERS

Looking upon the giant skyscraper in the city, looking upon the fine buildings and structures, but there’ll be a time when there won’t be one stone left upon another. We believe that these cities in this great major conflict that’s coming, will be rocked with atomic powers, and millions will die in hours, blowed to bits, even the earth shook from its orbit, going into the sun. Great heat shall scorch men as the Scripture says in the book of the Revelation.

## INTO THE SUN

Did you hear the newscast tonight? Did you read your newspapers? The whole world is in a turmoil, on the Suez Canal, there’s a third world war coming up, an atomic war. And while she’s brewing, what can happen? It lays in who shoots the first atomic bomb. Your paper said that this country here was way hotter than it’d ever been for this time of year. Many places are hottest it ever been in that time. Why? Their atomic bombs has already got this world moving from its orbit into the sun. It’s like God said it would be.

## BLOWED INTO BITS

Some morning, life is all over, this mortal life; the sun will be set for its last time. This old earth will be blown into bits. Maybe five hundred years from tonight there'll be a...Let's draw our picture now, mentally.

Five hundred years from tonight, just imagine, I hear the winds howling; I look at the earth; it's out of its orbit. The atomic bombs has thrown her from her orbit; yonder she lays into the sun. She's whirling fast; the winds are blowing. There's not a living thing on earth. The sands are blowing across, howling. Many times, and thousands times fahrenheit of heat laying against her. No more water, but fire this time. What do I see sticking up there in the sand, oh, it's a tombstone. Somebody's name's on it. They may be setting in the meeting tonight.

**Where's your soul then, friend?**

**If you're not right with God.**
